## Glancing Over World Events

The Quebec elections are on and the prospects are that the Taschereau government will secure another vote of confidence. The people of that province are not, as elsewhere, against the government. The Conservative opposition is weak but another party led by a son of Sir Lower Gouin, has many candidates in the field. Some prominent Liberals, like Mr. Gouin himself, belong to the new party. It is scarcely strong enough to make headway against a government so strongly entrenched in the province, with the backing of the new government in Ottawa, but its existence means disintegration in the governing party. To what extent that disintegration has penetrated will be disclosed later.

McCardell who admitted he was the ringleader in the Labatt kidnap will now serve a twelve-year sentence. He acquits Meisner, who was convicted and is still serving his sentence, of complicity in the crime, although Meisner was identified as one of the gang by Labatt and several other witnesses. The Crown has suspected that McCardell's confession was a plan to secure Meisner's release. If so, there is some honor left among racketeers, when one of them is willing to "take the rap" for another. According to the confession, Meisner was consulted about the "snatch," but advised against it, and had no further part in it. The curious feature of the affair is that so many witnesses identified him and still think they are right.

Mussolini has persuaded the Italians that he is right and all the rest of the world wrong, an achievement not to be brought about except by control of the press.

Britain is very unpopular in Italy. They sing hymns of hate against her as Germany did during the war. When constabulary duty is to be done, to be done, a policeman's lot is not a happy one.

When the Irish Free State joins Britain in its attitude toward Italy, the Italians should be able to read the handwriting on the wall. De Valera has not minced his words in condemning Italy's designs on Ethiopia.

Chain hotels are just as legitimate as chain stores, but when they are required by brewers interested chiefly in the sale of beer, they become "tied houses." With little over a

(Continued Page 4)

## WEDDING BELLS

NOLTE — NAKONECHNA

The tastefully adorned sanctuary of St. Andrew's Church, Vulcan, was the setting for a very pretty wedding which attracted wide local interest on Tuesday morning, November 19th at 10 a.m. when Miss Anna Nakonechna of the Vulcan hospital staff, was united in marriage to Mr. Frederick Nolte of the Ensign District.

The bride, wearing a beautiful white satin bridal dress and veil, and carrying a bouquet of calla lilies, entered the church to the strains of the wedding march, played by Mrs. Grunlun and was given in marriage by Mr. L. H. Stack. Bride and groom then advanced into the sanctuary to a specially prepared kneeler where the actual betrothing took place. A solemn Mass was sung by Rev. Father Cunningham during which the bride received the Nuptial Blessing.

After Mass there followed Benediction of the Most Blessed Sacrament. The bride was attended by Miss Lilian Archambault, and the groom by his brother, Mr. Joseph Nolte.

During the Mass, Miss Anne McKenna rendered Rosewig's "Ave Maria." At the nurses' home after the church ceremony, Miss McLeod, matron of the hospital, was the genial hostess at a charming wedding breakfast to which a few of the intimate friends of the newly-weds were invited.

## Province Takes Responsibility Disputed Section of Highway

Short Section of Road at Outskirts of Vulcan Comes Under Maintenance and Control of Provincial Administration

With the blocking of the main and side roads with snow has come about a dispute of the short section of road between the gravel highway and the easterly limits of the Town of Vulcan. In all the roads leading to town this short piece was the worst drifted of any during recent blizzards. Through activity of the Town Council, it was brought about that the Government of the Province of Alberta, Department of Public Works had assumed maintenance and control of this section of road. For some time there was much controversy about who had control of this section, the Municipal District of Royal or the Provincial department. Both municipal and provincial governments denied their maintenance and responsibility for this section of highway. This put the Vulcan authorities in a predicament, for the section involved is the most important to the business of the town, and by correspondence with both the municipality and the department of public works, the town finally established the responsibility. But not until much communication had travelled back and forth between the municipality and the department.

A letter received by Mayor E. King, from H. P. Keith, Deputy-Minister of Public Works, clears up the matter. It reads in part, as follows: "I find from our file that the municipality was definitely advised that the province would assume maintenance and control of this section of road. I, therefore, wish to correct my statement made to you." This statement referred to a recent letter to Mayor King, when, at that time the department claimed the road came under control of the municipality. "Dealing now with the question of your request that some action be taken toward the prevention of snow drifting in this section of road, this to be done by the erection of a permanent fence, I am pleased to refer this to our District Engineer for a report as to the amount required and also his recommendation."

No Clearance of Snow on Highway — Writing of the clearance of snow from the main highway, the Deputy Minister said in his letter, "In regard to the question of snow removal on the highway between High River and Lethbridge, I may say that this is not on our regular program, and that we are quite unable to extend our snow removal program at this time, this being due to lack of equipment. I regret that I am unable to promise that snow clearing can be undertaken on the section of highway between High River, Vulcan and Lethbridge."

## CURLERS PREPARE FOR AN ACTIVE SEASON

On Thursday evening last in the office of the Town of Vulcan, one of the largest and most enthusiastic group of curlers ever assembled in the history of the Vulcan Curling Club laid plans for the 1935-36 season. Dave McAfee, president of the club presided at the meeting. Fees were set the same as last season, \$5.00 for gentlemen, \$2.00 for young men under 21 years of age, and \$2.00 for ladies. It was decided that those who wanted to skip rinks could select their own players. Mr. Whitting was selected caretaker and iceman for the season.

A. J. Flood, one of the charter members of the curling club and one of the most helpful members in the matter of preparing draws since the inception of the club, was made a honorary life member at the meeting. The life membership was heartily approved by the gathering.

It was decided to open the season with a men's open bonspiel on Monday, November 18th, with entry fees of 25 cts.

The executive of the club expected at least 16 rinks to enter the play this year, with a possibility of 18 or 20.

## Jenkins' Store Sold

Jenkins' Groceries Limited sold their grocery business at Vulcan to J. B. Morley. Completion of negotiations were made Friday, November 10th, and Mr. Morley immediately took possession. The business will now be carried under the name of Morley's Groceries. Mr. Morley came to Vulcan in June of 1925 as manager of the local branch of the Jenkins' chain stores that opened during that month. He has been a resident of Vulcan since that time. Announcement of the change was made by advertisement in the last issue of the Advocate. Mr. Morley solicits continuance of business of old and new customers in this week's advertising columns.

With the selling out of the Vulcan grocery interests, the Jenkins' Groceries Limited opened a store in Lethbridge.

## Choir and Orchestra Will Sponsor Concert

Arrangements for the joint sponsorship concert by the Vulcan Concert Orchestra, under direction of Miss Beulah Walker, and the Vulcan United Church choir, under direction of Mr. R. H. Weale, to be held in the United Church on Thursday evening of next week, November 28th, commencing at 8:30 p.m., have been completed. Final plans for the program were made today. The complete program is listed below: 1, March, "Blaze Away," by the orchestra; 2, "Praise Ye the Lord" by the choir; 3, violin solo by Mr. R. E. Pedersen; 4, "Petite Suite" by the orchestra; 5, soprano solo, by Miss Rose Hartwig; 6, saxophone quartet by Edna McPherson, D. Campbell, O. Doney and H. Washburn; 7, reading by Mrs. Marion Williams; 8, March, "Signal from Mars" by the orchestra; 9, "Send Out Thy Light" by the choir; 10, "Princess of India" by the orchestra; 11, piano duet, "March Militaire" by Mary Stott and Beulah Walker; 12, baritone solo by William Walker; 13, flute solo by Harry Washburn; 14, "Zephyrs" by the orchestra; 15, vocal duet by Miss Mayme Lebeau and Mrs. D. A. Allred; 16, "Oh, Land of Mine" by the choir. The program will open with O-Canada and conclude with the singing of God Save Our King. Popular prices will prevail for the concert, these with other particulars will be announced in advertising.

## Harmony Doctor's Agreement Approved by Dep't of Health

Communication Read at Regular Monthly Session of Council Held at Champion; Routine Business Transacted

The regular monthly meeting of the Council of the Municipal District of Harmony No. 128 was held in the municipal office on November 7. All members of the council were present and Reeve Griffin presided.

Mrs. Lillie Powell interviewed the Council in respect to Mothers' Allowance. Councillor Hopkins moved that Councillor Somerville be appointed as a committee to look into the affairs of Mrs. Powell. Carried.

The secretary read communication from the Department of Public Health, approving the doctor's contract.

Councillor Long moved that the secretary be authorized to communicate with Mr. Martin Berger, and demand a statement of all grains threshed on the T. Powell estate, since Mrs. Powell is a charge upon the municipality. Carried unanimously.

Thomas Geddes interviewed the council in respect to help as his crop was a failure. Councillor Hopkins moved that we allow Mr. Geddes six

## 1935-36 Hockey Team Presented Next Week

At the present time Coach Graham Elliott is putting the 1935-36 edition of the Elks' hockey team through the paces at the Vulcan arena every evening. As to the exact line-up of the team, nothing can be said at this time. That many new faces will be seen in the line-up is sure. Several new players are trying out for the team. The biggest change in the layout yet this season is that of the coach. The Elks have engaged the services of Mr. Elliott of Edmonton, a playing coach who was the shining figure in placing the Luscar team high in hockey circles last season. He will coach all the teams in town this winter and will probably develop much hockey talent for future years. This year's hockey team under sponsorship of the Elks will make their appearance some time next week, for the Foothills schedule starts on Monday.

## Dr. Hugh Dobson Talks to Young People

Dr. Hugh Dobson, of Vancouver, Western secretary of the United Church for the Board of Evangelism and Social Service, addressed a meeting of the Vulcan Young People's Society at the United Church on Wednesday evening, November 13th. The guest speaker was accompanied by Rev. Peter Dawson, M.L.A. of Champion. The young peoples' meeting took the form of a social gathering and supper was served. Owing to road conditions, Dr. Dobson and Rev. Dawson were late in arriving from Champion. However, when they arrived, the social committee of the group had everything in readiness and a company of fifty-five were placed at the supper table.

The table was tastefully arranged with dishes of baked beans, Boston brown bread, coffee, cake and ice cream. Miss Eleanor Jennijohn, president of the society, presided. Following the supper she briefly welcomed the guests and asked Rev. Dawson to introduce the guest speaker.

Dr. Dobson spoke on the part youth with its spirit of adventure and ability to see clearly, must play in the building of a new world. He made the arresting statement that the group who were immediately around our Lord, and who played such a part in the remaking of the world of that day, were from 18 to 25 years of age.

The meeting closed with the singing of God Save the King.

tons of coal; one half nut, and six sacks of flour. Carried.

Application for relief was presented from Arnold Becker. Councillor Ellis moved that we recommend an allowance of \$10.00 per month for this family. Carried.

The secretary presented communication from the Department re direct relief. Councillor Long moved that we adopt the new plan as suggested by the Relief Commission in letter dated October 16, 1935, and that the Municipal District of Harmony are in favor of all relief being worked out by the recipients, also that all relief issued shall be by orders only—no cash. Carried unanimously.

Communication was read in respect to Poll Tax on miners employed at local mines. Councillor Matlock moved that this be tabled, and brought up at a later date. Carried.

A discussion arose in respect to seed grain liens. The secretary was instructed to write all parties concerned, and advise them of the attitude the council has taken.

Councillor Matlock moved that the Reeve and Secretary interview Mrs. Sutton, and ask for an itemized ac-

(Continued on Inside Page)

## Royal Municipal Council Deals With Grain and Relief Problems

### OBITUARY

Raymond Preffer, aged 63 years, former resident of the Vulcan district died at his residence at 202-17th Ave. East in Calgary, on Tuesday, November 19th. Word of the death reached Vulcan just at the time of the closing of the news columns of The Advocate and details have to be omitted until next week. Funeral arrangements have not been made at the time of writing.

### VULCAN RECTORAT LETHBRIDGE

Rev. Victor E. Smith, former rector of St. Aldhelm's Anglican church at Vulcan, has been appointed to take charge of the parish of St. Mary's, North Lethbridge, succeeding Rev. H. Phipps-Williams, who recently returned to England. In addition to his work in Lethbridge, Mr. Smith will have charge of the Lethbridge North-ern field and at Coaldale. His duties will commence on December 1st. For the past few months, since leaving Vulcan, Rev. Smith has been on leave visiting with his brother, Arthur, at High River.

### VULCAN BAKERY SOLD

R. R. Martin, who comes to Vulcan from Calgary, has purchased the Vulcan Bakery business owned by Colin McInnes for many years. Business transactions were completed on November 15th. For past three years the business has been operated by D. Skinner on the rental basis, and the selling of the business, building and equipment, has necessitated the vacancy of the premises by Mr. Skinner. The business is now in charge of Mr. Martin. Mr. Martin has had many years experience in the bakery trade and comes to town highly recommended by Mr. McInnes. Recently he was foreman at the Golden West Bakery in Calgary and for several years he operated the bakery at Brooks.

Mr. and Mrs. Skinner left town during the week end. Their plans for the future are indefinite at the present.

## Curling Season Opened Tuesday; Good Games

Sweep 'er up. Harder, harder. Guard this rock. Knock this rock out. Draw in here. All these were some of the old familiar cries of the skips at the curling rink on Tuesday evening when the Vulcan Curling Club played the first games of the season. Three games were played in the opening events. All were very keenly matched contests, two going an extra end before the winner was decided.

On ice number one, the rinks skipped by Mackintosh and McAfee played. This was one of the eleven end games. Three times the score was tied, two all in the third, five all in the eighth, and seven all in the tenth end. The Mackintosh rink won 8-7 in the extra frame. Score by ends:

Mackintosh 110 111 002 01-8  
McAfee 002 000 120 20-7

On the centre sheet of ice the Barker and Patriquin rinks had a nip and tuck struggle after the sixth end. Up till that time the Patriquin rink had things all their own way, running up six points before the Barker rink tallied. The Barker aggregation won the game 9-7. Score by ends:

Barker 000 003 302 1-9  
Patriquin 102 120 010 0-7

On the third sheet of ice rinks skipped by Jim Marshall and Wayne Ransom battled to a tie game in the tenth end and had to go the extra end before the winning rink was declared. The score was registered back and forth, practically even every end. The Ransom rink laid two rocks in the extra end to win the game 8-6. Score by ends:

Ransom 210 000 2010 2-8  
Marshall 001 111 0101 0-6

Although the ice was "tricky" for the first evening of play, all players seemed to be in good form, hitting the stride of the game after a few ends.

Consider Relief Applications, Seed Grain Seizure Complaints and Tax Consolidation Agreements; Damage Complaint Tabled

The regular November meeting of the council of the Municipal District of Royal was held on Wednesday, November 13th, in the office of the district at Vulcan. The meeting was one postponed from November 9th due to the bad weather and drifted roads. A quorum was not present at the regular meeting day, thus the postponement. On Wednesday, Councillors Bateman, Snow, Spaeth and Gordon were present, with Reeve Bennett occupying the chair. Minutes were approved and routine accounts were paid on motion by Councillor Bateman.

It was moved by Councillor Bateman that unemployment relief be issued on the usual relief forms. Carried.

It was moved by Councillor Spaeth that the council notify the Government that it desires to be reimbursed on the old basis of fifty-eight and one third per cent, which was in effect prior to the date of the new arrangement.

The following relief applications were considered and relief issued as stated: J. N. Brown, \$4.50 per month for food and five tons of coal; P. F. Benoit, \$15.00 per month for food and one ton of coal per month; S. Archambault, \$10.00 per month for food and coal; W. Archambault, \$8.00 per month for food and coal; Dale Campbell, \$10.00 per month and coal; Sam Johnston, \$10.00 per month and coal; Fred Erb, \$15.00 per month and coal; T. Prusky, application tabled for further investigation.

A communication from Messrs. Peacock and Skene, solicitors at Calgary, with reference to a claim for damages by Chester Thew on account of alleged accident caused by a rock on the road to the west, was read. The communication was ordered tabled for investigation.

S. R. Graham of Brant interviewed the council with reference to a seizure on his 1935 crop. It was moved by Councillor Bateman that the municipality accept the sum of \$67.70 in settlement of its seizure on the 1935 crop of S. R. Graham. Motion carried.

N. P. Graham appeared before the council with reference to a seizure placed on his 1935 crop. It was moved by Mr. Spaeth that this seizure be released. The motion carried.

E. J. Fortier appeared before the council with reference to a seizure placed on his 1935 crop. It was moved by Councillor Spaeth that this seizure be released on the payment of \$96.04 which is the amount equal to the current taxes, Motion carried.

A communication was read with

(Continued on Back Page)

## SCHOOL BOARD PERMIT RENTAL OF CHEMISTRY EQUIPMENT

A meeting of the board of trustees of the Vulcan School District No. 1902 was held on Tuesday evening, November 12th, at the office of the secretary treasurer. All trustees were present. Routine accounts were read and passed for payment on a motion proposed by Trustees Hosky.

A request from the Snake Creek district asking permission for the use of science equipment of the Vulcan school on Saturdays, was read and considered by the board. It was moved by Trustee Dr. Almond that the use of the school building and the equipment for physics and chemistry be approved for use by rural schools on Saturday afternoons from one to four o'clock. The motion carried. The following terms were included in the motion: rent of the building and equipment \$2.00 per afternoon; supervision \$1.00 per hour with a minimum of three hours; cost of breakage and chemicals will be charged extra. If further time, more than three hours required it was decided to charge \$1.00 for each extra hour. Payment must be made whether there is attendance or not.

The meeting adjourned.

## Morley's Groceteria

### BALDWIN'S RETURN

The most frequent comment heard on the victory of the Nationalist party in Britain, is that it will have a stabilizing effect upon the world. It is not usual for the elections of any one country to be of such far-reaching importance or interest.

But Premier Baldwin's stern stand in recent months in support of the League of Nations, and also in support of adequate military strength, was so definite as to require confirmation or rejection on the part of the people.

The result of the election leaves no doubt as to the sentiment of the majority of the British people. They are behind the application of sanctions against Italy, and apparently also feel the need for greater armaments, to take care of what may develop in the way of war.

The world, observing the election must realize that Britain speaks very decisively in the matter of League support. This will give France a greater security, and will discourage any Italian belief that England is divided in its allegiance to government action. It also makes clear to other observing nations that the policies of government already set out, will be continued.

There were other factors which played a part in the government victory. Britain has gone forward to recovery as few if any, other nations have done in recent years. The methods followed to bring about a sound operating basis have been drastic but effective. There have been extensions of social services, agricultural policies, housing projects which have benefited many different elements of the nation. Finance and industry have been kept on a sound basis.

These were important factors, in favor of the administration of the past four years. And the continuance of that administration for another four years gives that strength and solidity to British policies, which the world has come to expect.

### A WORLD EXAMPLE

The final consummation of the long-sought Reciprocal treaty between Canada and United States has brought the expected re-action. Already from both sides of the line have come protests from affected interests, or interests which anticipate harmful results. This was inevitable. But the general reaction so far as Canada is concerned seems to be one of approval. What the immediate result will be in cash returns, will be shown as time marches on.

Many believe that the greatest value of the reciprocal arrangements, lies not in the specific concessions, but in the attitude of the two countries which has made concessions possible. So far as this continent is concerned it is a gesture of neighborliness, and a turn away from the high tariff gospel which has clutched the world for fifteen years or more.

These are dramatic times, and nations tend to dramatize themselves consciously or unconsciously. Britain has adopted the role of a strong, mature elder brother, seeking to direct the refractory members of the human family, and not disposed to depend entirely on moral suasion either. The result of the British election shows that the individual parts of the nation fancy their government in this role. France is as ever feminine, trembling for fear she may be ravished, building up her defenses in apprehension of attack. Italy and Germany have built themselves up as Wronged Nations, seeking only their rights, a picture which has seized the imaginations of their people. Every wrong under which every nation suffers, every problem has been accentuated to sway a world attuned to drama.

United States and Canada, by virtue of their geographical position, stand side by side, appalled by the evidences of international hate across the water, appalled by the feuds, by the tramp of marching feet, the distrust and the ancient prejudices.

Then these startled spectators—United States and Can-

ada—view each other shamefacedly. They realize that they, with none of the justification of the older, more crowded nations, have been nagging each other with petty restrictions and unnecessary tariffs. They have been deliberately travelling the road which has led to so much of the tension and bitterness on the European scene. They say, "Let's show the world something different. Let us be neighborly."

Aside from material benefits which may result from the Reciprocity treaty, it is the goodwill spirit which may appeal to the people of both nations. They may dramatize themselves as world examples, nations prepared to concede and to yield at points, if only a greater, more practical brotherhood can thus be achieved.

### ENJOYING MARK TWAIN

Perhaps because so much of what one reads or hears over the radio these days is charged with information or with propaganda, it is particularly delightful to listen to a lecture which is primarily entertainment. Professor Corbett's talk on Mark Twain given the other evening was of that nature. It was his purpose to present the spirit of the great writer, and the nature of his appeal to every kind and quality of human being. "Mark Twain and Will Rogers were blood brothers in their natures and outlook" was one of his comments.

It was a tribute to the address that the students from the High School and public school listened with such rapt attention, and were able later to retell the fascinating stories.

But it was the older people who extracted a double pleasure from Mr. Corbett's talk. It carried them back to their childhood days when Huck Finn was a living contemporary, and when "Roughing It" opened up a world of high adventure. No doubt numbers in the audience recalled those almost forgotten days of long ago when reading aloud, was a happy group pastime, and when families would sit round in the evening sharing in the joy of Mark Twain's latest whimsicalities. It was through this reading aloud that the full savor was realized.

In those days, there was by no means the prolific output of books which characterizes modern times. But any book worth while was set aside for family reading during the winter months, providing endless discussion, argument and speculation by the wayside. Incidentally also it had much to do with directing the reading tastes of the juvenile listeners.

Well, that is one phase of family life which has definitely passed, and there is no use in lamenting its passing. In these tense, impatient days, it is every man for himself, following his personal taste for mystery, adventure, romance, philosophy or what not. There is no disposition to listen to a favorite yarn of some one else's, on condition that one's own favorites will be given an equally attentive hearing.

No doubt most people, both young and old, read a great deal more nowadays than they did forty years or so ago. But it is doubtful if they retain so much of the substance of their reading, or extract as much pleasure. "Shared" reading is enriching—but unfortunately it is one thing for which we can spare no time.

Since Professor Corbett's lecture, there is said to be quite a revival of local interest in those masterpieces of Mark Twain. And for fullest enjoyment, it is recommended that they be read aloud.

### RECIPROCITY

The official magazine of the Canadian Chamber of Commerce, makes itself clear on its attitude toward reciprocal arrangements with United States.

"Whether manufacturers like it or not, the new Government went to the country chiefly on a platform of lower tariffs. The people in their vote asked for its implementation. Some decrease, therefore, may be expected, at least, by the time of the next budget. Those industries however, which have continually increased their efficiency, sold their goods on a quality basis, should shed their fears of destruction, for it is inconceivable that tariff reductions will be made without an eye to Canada's economic integrity. If even a percentage of the increased prosperity claimed by the new regime, returns as a result of new tariff policy, domestic manufacturers will receive their share of the greater purchasing power, in any case.

"But all business should welcome the end of overnight executive changes in tariffs, and once fiscal policy is definitely determined; business can settle down to work to known factors."

## Many Refinements in Ford V-8 Cars for 1936

FORD V-8 CARS for 1936 feature a completely new exterior treatment with new hood and fender styling, new grille and headlamps, new wheels and many detail refinements. Interiors are new with the style and color of instrument panel and mouldings to harmonize with upholstery, trim and appointments. Quiet helical gears are now used in all forward speeds and reverse. Steering effort is estimated to be reduced more than 25 per cent. ABOVE—The Tudor touring sedan, with commodious built-in trunk. Note the new wheels with 12½-inch hub caps and the longer body lines. INSET—The redesigned front end. Streamlining steps ahead. Fenders have a sweeping inward flare and horns are now carried behind grilles in the fenders. Hood louvers are newly styled.

## LOCAL ITEMS

Howard Burrel left on Wednesday morning by bus for Seattle, Washington, where he will visit for the winter months.

Brown's Garage unloaded a freight car lot of 1936 Ford V-8 models early this week. These are now on display at the garage.

Born to Mr. and Mrs. John Hunter, at their home in Vulcan, on Friday, November 15th a son. Congratulations.

W. S. Chambers suffered painful injuries the other day when he slipped and fell on some ice. Two ribs were broken. He is resting nicely at his home.

Mr. and Mrs. R. J. Monds who made their home in Vulcan for several months during the summer and autumn season recently returned to Lethbridge, where they will reside for the winter.

Vulcan is to have a ladies' hockey team this season officials at the ice arena tell The Advocate as the paper goes to press. Girls of the High School are organizing under the mentorship of Miss Eleanor Jenniohn. Practice hours for this team are being arranged for this team by the rink committee.

Harmony Council  
Regular Meeting

(Continued from Front Page)

count of all wheat sold, also the name of the elevator sold to. This was in response to a communication received from the Debt Adjustment Director. Carried.

The secretary was asked to try and divide all relief orders among all merchants in town providing his prices are in accordance with the list received from the government.

The secretary read communication from the Department of Public Health with Doctor's Contract enclosed, and, duly approved by the Minister.

Communication was read from the Department of Municipal Affairs re Hospitalization of Indigents. The secretary was instructed to communicate with them in respect to hospital charges, etc. also to ask for any information that may be of value to us.

Communication was read in respect to private sales under the Tax Recovery Act 1929. (No discussion).

Communication was read from the Champion Hospital re Mrs. Henry Hartung. Councillor Matlock suggested that this be left to the Reeve and secretary, and that they be authorized to settle as they see fit.

Councillor Matlock moved that ac-

counts of Dr. Byers re Mr. Arthur Lockhart be tabled. Carried.

The secretary read communication from the Department of Agriculture re amount of wheat available for seed in our district for 1936. This was left to the discussion of the Reeve and secretary, as the Reeve would like to discuss the situation further with the fieldman from the department.

Reeve Griffin was appointed as delegate to represent the Municipality at the convention, Councillor Hopkins being unable to attend.

Communication was read from the Department of Public Health re balance of Municipal District joining the Vulcan Hospital. Plans being already drafted in this respect, there was no further discussion.

As there was no further business to be discussed, a motion to adjourn was moved by Councillor Ellis.

John Takach of Tilley, followed his wife and six children to a neighbor's farm, following a family quarrel. He was armed with an axe and butcher knife. He demanded his family who had hidden in the cellar in terror. The neighbor in an effort to protect the family, warned off Takach with a gun, but Takach stormed the entrance to the cellar with his axe. The neighbor, Neilson, shot the madman down, killing him, and was later taken into custody. The family of six ranges from one to seven years.

## LOCAL NEWS ITEMS

Hugh Craig of Mossleigh was a visitor in Vulcan on Friday of last week.

Little Miss Lorna Robson celebrated her fifth birthday on Tuesday by entertaining a number of chums.

B. D. Lockhart returned from an extended visit to several points in New Brunswick on Wednesday of last week.

Miss Addie Woodman of Calgary visited in the Vulcan district last week at the home of her parents, Mr. and Mrs. E. A. Woodman.

Rev. Canon Merrick will be guest pastor at the St. Aldhelm's Anglican church on Sunday next, November 24th. Matins and Holy Communion at 11 o'clock a.m.

Miss Margaret Woodward and Harold Woodward, accompanied by Harry Dorrington were visitors for a few days last week with Mr. and Mrs. W. Woodward at Taber.

Dallas Sperry was stricken with illness suddenly a week ago and was rushed to the Holy Cross hospital, Calgary, where he underwent a serious operation. Reports say he is resting nicely.

Mrs. Fred Ruppel of Nelson, B. C. is a visitor at the present time in the district at the home of her parents, Mr. and Mrs. D. McClement. She will visit with other relatives and friends before returning home. She expects to be here six weeks.

The council of the Municipal district of Royal has purchased 1000 feet of snow fence for erection on the west municipal road to the Richmond Hill corner. The fence will be placed in strategic points to prevent the snow drifting. The fence will be erected at once.

Opening of the Vulcan ice arena for general skating this winter season took place on Saturday evening. Large numbers have been availing themselves the opportunity of enjoying the popular seasonal pastime every night since the opening. As in former seasons, free public skating is offered to the public every Sunday afternoon from 2 to 4 o'clock.

A meeting of the executive of the Vulcan Curling Club was held on Tuesday morning to make final arrangement for the first men's open bonspiel of the season. It was agreed that skips pick their rinks for entry and balancing of the various rinks would be made by the committee in charge. The bonspiel is now under way.

Throughout Canada on Monday, November 25th, the 10th anniversary of the establishment of the Canadian Legion, British Empire Service League, will be celebrated. Joining with the hundreds of branches in the Dominion in celebrating the event, the Vulcan branch will sponsor a smoker and entertainment for its membership on the evening of that day.

A meeting of the Ladies' Curling Club was held in the town office on Monday evening to arrange plans for the forming of rinks for this season's play. A good attendance was present and an enthusiastic feeling prevailed among the members. It was decided to interview the executive of the Men's Club for the purpose of finding out what playing hours could be arranged before any further action could be taken. Another meeting was arranged for next Monday evening, November 25th, for definite arrangements. All ladies wishing to join in the game for the season are asked to hand their names to the secretary, Mrs. Mackintosh, on or before the date of the meeting.

Only \$10.00 of the \$70.00 offered to lucky ticket holders at the Vulcan theatre on Tuesday evening, in connection with the Elks' Kiddies Fund, was awarded. The first draw was for \$35.00. The name of Norman Halling was called as winner of this amount, but he was not present. If D. A. Allred has been present he would have been the winner of the \$25.00 prize; his name was called on the second draw for that amount. At that point it was announced that the \$10.00 prize would be drawn for until won. Seven names were called before one was named who was present at the show. The \$10.00 went to William Weale. Other names called, in order, were Mrs. Wm. Reor, Ella Walker, Rose Pearce, Mrs. Turner, M. McLeod C. B. Brickbank. For next Tuesday's show the amount to be drawn for will be the same as this week, \$70.00.

HIGH PRICES AND  
EGG PRODUCTION

Present Returns Encourage Wise Feeding of Poultry

At the Lethbridge Experimental Station some pullets have been laying for the past three months and early hatched birds should make good production possible when prices are high.

Balanced rations are used and this simply means that the materials required for making eggs are provided each bird in its feed in such amounts that an egg can be produced practically every day. While a fairly elaborate ration is used at the Station, home-grown grains properly supplemented from grains alone do not supply enough of all the essential elements and supplements must be added for best results. Beef scrap is the protein supplement used at the Station and bone meal is also added to the ration to supply necessary minerals. Cod liver oil is another essential supplement used to supply vitamins A and D which are of primary importance and without which the body functions of the birds do not take normally.

Skim milk is provided to some of the birds at the Station but sufficient is not available so that all can be fed this highly nutritious supplement to the grain ration. Whenever skim milk is available the purchased protein supplement can be greatly reduced, but it is questionable whether it should ever be entirely eliminated from the ration. Too many poultry producers fail to grasp the importance of the protein supplement.

In addition to the mash and scratch charcoal and oyster shell are placed in hoppers where the birds can get at them all the time. While charcoal has no actual feed value it pays to have a regulatory effect on the digestive system of the birds. The oyster shell supplies lime required in the manufacture of egg shell.

Two feeding methods are employed at the Station, one the mash and scratch and the other the all mash system. The first mentioned is that most commonly used and has a number of advantages, but the all mash system requires less labour and attention in feeding as all the feed is strictly self-fed.—News Letter.

PREMIER BALDWIN  
GREAT VICTORY

The National Government of Britain was returned in the general election with a majority far exceeding the most optimistic expectations. It has been a remarkable vindication of the past four years, and is also a vote of confidence in Premier Baldwin's international policies.

One of the outstanding events of the election was the heavy defeat of Ramsay MacDonald once the idol of the people. Sir John Simon and Walter Elliot, minister of agriculture, just scraped through. Sir Herbert Samuel was defeated, but Lloyd George and two of his family sailed in.

J. H. Thomas and Winston Churchill, were re-elected.

As is not unusual, the popular vote was quite out of harmony with party representation in the new House of Commons. Government candidates elected more than double those of the opposition. Yet in 21,400,000 votes counted the popular vote for the government only exceeded that for the combined opposition by approximately 1,500,000 or roughly one-eighth of the total cast for the government.

The following table shows the difference in political complexion of the old British House of Commons and the new.

Party	At Dissolution	Today
Govt. total	514	429
Conservative	462	385

### Agreement

THIS AGREEMENT made the 17th day of August 1935 between Municipal District of Harmony No. 128, of Champion in the Province of Alberta, hereinafter called the Municipality of the one part

and  
 Edwin H. Freeze of Champion aforesaid Physician and Surgeon, hereinafter called the Doctor of the other part.

WHEREAS by By-Law Number 12 dated the 17th day of August 1935 the Municipality was granted power to enter into a contract whereby a doctor or doctors be engaged to provide all medical and surgical attention (not including cases for a specialist such as ear, eye, throat and nose) for all persons residing within the boundaries of the Municipal District of Harmony No. 128, at a sum not to exceed Four thousand five hundred dollars (\$4500.00) per annum.

NOW THIS AGREEMENT WITNESSETH that in pursuance of the said By-Law the Municipality hereby employs the Doctor and the Doctor hereby agrees to act as physician and surgeon from the date of the said By-Law for the Municipality, subject nevertheless to the terms provisos and conditions hereinafter contained, namely—

1. THE term of employment as aforesaid shall continue until either party is desirous of terminating this agreement, then such party shall give to the other party thirty days' notice in writing of its or his intention so to do.

2. THE remuneration payable by the Municipality to the Doctor shall be the sum of \$4,500.00 per annum, payable by monthly instalments at the rate of \$250.00 per month, the balance thereof to be paid at the end of the year, the Doctor first giving credit to the Municipality of all fees received by him in respect of first calls which shall be deducted from the aforesaid yearly remuneration of \$4500.00. The fees for the said calls receivable by the Doctor shall not exceed the sum of \$2.00 for day calls,

and the sum of \$3.00 for night calls.

In the event of the termination of this agreement as aforesaid then the remuneration to the Doctor and the fees payable in respect of the calls to be credited to the Municipality shall be apportioned and adjusted up to and at the expiration of this agreement.

3. THE Doctor shall provide all medical and surgical advice, attention and work as may be necessary and of which he is capable of performing in his own office, at the homes of the patients and at the hospitals at Champion, Vulcan and Camangay; but in the event of the Doctor deeming it necessary to call in a general surgeon, then the Doctor will be responsible for the expense thereof. If, however, the services of a specialist is required, it shall be at the expense of the patient receiving same. PROVIDED NEVERTHELESS that in the event of an owner of land paying taxes to the Municipality on at least 160 acres of land situated within the Municipality and who resides without the Municipality, then the Doctor shall give medical and surgical attention to such owner, first at his office and thereafter, if necessary, at any of the hospitals hereinafter mentioned.

4. THE Doctor shall provide such medical and surgical advice and treatment as may be necessary to all non-resident indigents within the Municipality, and the Doctor shall be entitled for such services to receive for his own use and benefit all fees and expenses incurred by him actually collected from the District responsible for the payment thereof as provided by the Municipal District Act of the Province of Alberta or any other Act enabling collections of fees as aforesaid.

5. THE Doctor shall reside in the Village of Champion during the continuance of this agreement, and in the event of his absence shall provide as soon as possible a locum tenens.

6. THE Doctor further agrees that he will indemnify the Municipality against all actions, claims and demands of whatsoever nature or kind in any way arising in connection with his personal professional services or the services of other physicians and

surgeons acting in conjunction with him.

7. THE term Municipality herein shall not include the Village of Champion.

IN WITNESS whereof the Municipality has hereunto affixed its Corporate Seal attested by the signatures of its Reeve and Secretary, and the Doctor has hereunto set his hand.

E. H. GRIFFIN

Reeve

C. RHODES

Secretary

E. H. FREEZE

Approved this 25th day of October, A.D. 1935.

Dr. W. W. CROSS

Minister of Health

WARNING TO RADIO LISTENERS

OWNERS of unlicensed radio receiving sets are hereby warned that on and after 30th November, 1935, the Department of Marine will take steps to prosecute the owner or operator thereof.

Broadcast listeners who have not already procured their licence for the current fiscal year are accordingly advised to obtain such licence immediately.

The licence fee is \$2.00 per annum. Licences may be procured from Post Offices in cities and larger towns Departmental Radio Inspectors, Radio Dealers, and others authorized to issue licences on behalf of the Department, or from Radio Branch, Department of Marine, Ottawa, Ont.

### FORMER RESIDENT INJURED

D. Tuttle, a former resident of Vulcan, now of Nanton, was seriously injured with a shotgun wound on Saturday, November 9th. While out hunting with some friends, a shotgun accidentally discharged in the front seat of a car. Tuttle was in the back seat and received practically the full blast of the shot on the right side of his face. The discharge tore away part of the victim's right jawbone and flesh. At the present time he is resting as well as can be expected in the Nanton hospital. Mr. Tuttle has many school chums in Vulcan.

### Glancing Over World Events

(Continued from Page 1)

year's experience in the retail sale of beer, the Ontario government has had to deal with this condition and it did so by cancelling the "authorities" held by such hotels. Certain brewers had organized companies to acquire hotels in which they would have an advantage over their competitors in the sale of beer. They had been warned against it, but persisted. Prohibitionists have often pointed out that the liquor business is an outlaw trade and some people in the business never fail to furnish them with cases and arguments.

Father Coughlin has broken out in a new spot. He fulminates now against the League of Nations and especially Britain. Seeing that he is a native Canadian, we must not blame the United States for him or his views. He speaks only for himself and his own glorification and aggrandizement. From an ardent supporter of Roosevelt, he has turned into a bitter opponent to make it appear that the President is becoming a tool of Great Britain, which is a tool of the Bank of England which seeks another world war. He takes no stand on the war now in progress. He says he is neither for nor against Italy or the League of Nations. Why international bankers, and especially the Bank of England, should desire a general war, he does not explain, although he could easily have done so on the hypothesis of suicidal mania.

Many contracts for public works entered into by the late federal government have been cancelled. The works were undertaken to provide employment, so the then government said. They were undertaken to influence the elections, so the now government says. In the present state of the revenue, only urgent public works should be undertaken. They furnish but little employment and they do not influence elections, unless adversely. Whatever political value such appropriations had once, they have none now, nor have they had for twenty years. The suspicion that they are made for that purpose robs them of that effect.

### COUNCIL OF ROYAL PROBLEMS

(Continued from Page 1)

reference to O. Hanson's crop seizure. It was moved by Councillor Snow that O. Hanson's seizure be released. Carried.

L. B. Leverington interviewed the council with reference to his seizure on 1935 crops. It was moved by Councillor Spaeth that the seizure on L. B. Leverington's 1935 crop be released. Carried.

F. L. Fletcher appeared before the council and discussed the situation with the respect to the payment of his taxes. The council finally agreed not to insist on the payment of the seed grain advances to Mr. Fletcher.

A communication with regard to the crop seizure of Margaret F. Hutton's 1935 crop was read. It was moved by Councillor Gordon that the municipality release the seizure. The motion was carried.

It was moved by Councillor Gordon that the municipality retain its share of revenue from the crop on the S.W. quarter 29-17-25-W.4. Carried.

The matter of insurance of the municipal office and fixtures was brought to the attention of the council. It was moved by Councillor Spaeth that Reeve Bennett be instructed to place the insurance. Carried.

It was moved by Councillor Snow that Reeve Bennett and Councillor Bateman be appointed delegates to the convention of the Alberta Association of Municipal Districts to be held in Edmonton on November 20th.

It was moved by Councillor Bateman and carried, that the following applications for consolidation agreements be approved: Sam White, N.W. ¼ 4-16-26-W.4th; Parker Brothers, S.E. ¼ 3-18-26-W. 4th; R. S. Irwin, N. ¼ 23-16-26-W. 4th; A. Parker Estate S.W. ¼ 12-18-26-W. 4th.

It was moved and carried that V. T. Parker be paid an additional 2½ cents per hour for his work on the grading outfit this season.

The meeting adjourned.

### Russian Wheat Situation

Russia has been producing in recent years, on the average, about 850 million bushels of wheat per annum. This year it is said she has a bumper crop—some consider over 1,000 million bushels. Her population has greatly increased in the last ten years. The Soviet is now permitting the people to use more bread. Considering these factors, how much wheat will Russia have to spare for export to world's markets? Only time will show.
